About the Conference

Corrosion is a pervasive challenge faced by capital-intensive industries such as Oil & Gas, Pipeline, Refining, Petrochemicals, Power, Process, Chemicals, Fertilizers, and Infrastructure, among others. The economic impact of corrosion in these sectors is significant, making effective corrosion management a critical priority. Preventing or controlling corrosion can extend asset life, reduce **unplanned downtime**, and enhance **safety and reliability**.

This conference, organized by AOCP and Matcorr, will focus on state-of-the-art corrosion control practices and techniques. Topics will include **Cathodic Protection, Protective Coatings, Corrosion-Resistant Materials, Inhibitors, Corrosion Monitoring Systems, Corrosion Testing, Inspection, Non-Destructive Testing (NDT) techniques, and the assessment of corrosion damage**. The event will provide a platform for corrosion, materials, asset integrity, maintenance, and inspection professionals from across the globe—spanning industry, research institutions, and academia—to exchange knowledge, discuss the latest products and technologies, and collaborate on effective corrosion management strategies. It also offers a unique networking opportunity, fostering connections between experts from both government and private sectors.

This conference is designed for professionals to gain the latest knowledge and tools for tackling **corrosion control challenges and ensuring asset integrity**. It will cover prevention methods, monitoring techniques, regulatory frameworks, and case studies, addressing the significant risks corrosion poses to infrastructure, safety, and the environment. Attendees will gain valuable insights to prevent, detect, and mitigate corrosion, enhancing asset reliability and staying updated on advancements in corrosion control and integrity management.

Technical Topics & Agenda

The topics will include:

- Overview of **Corrosion** & Its Industrial Significance
- Corrosion Control through **Material Selection, Corrosion-Resistant Alloys & Composite**
- Corrosion **Monitoring Techniques & Sensor Technologies**
- **Condition Monitoring** & the Role of **Digitalization**
- **Cathodic Protection**, AC/DC Interference, and Troubleshooting
- **Cathodic protection equipment**, rectifiers, anodes/ electrodes, test stations, junction boxes, insulating joints etc
- **Emerging Smart Coatings**, Nano Coating, Graphene, High Temperature Coating, Coil coating, Marine Applications
- **Surface Treatment**, Hot-dip **galvanizing** (HDG), Thermal Spray, Powder Coating
- Painting Applications, **Coating Surveys**, Sustainable Coating Solutions
- **Paint Raw Materials** – Resins, pigments and additives
- **Microbial** Corrosion, **Inhibitor** Injection
- **Asset Integrity** Management, Risk Assessment, and Mitigation Strategies
- Corrosion Readiness for the **Hydrogen** Economy
- Innovations in Corrosion Control Technologies
- **Failure Analysis** and Real-World Case Studies
- Regulatory **Compliance** and Industry Standards
- Corrosion Control in Various Sectors: **Marine, Infrastructure, Oil & Gas, Chemical, Hydrocarbon Pipelines, Defence, Aerospace, Marine, Automotive, and Transportation**
- **Predictive Corrosion** Rate Modelling and Corrosion Software Solutions
- **Digitalization** in Corrosion Control Techniques, Cyber Security
- Other relevant topics aligned with the conference theme

Submission of Abstracts & Papers

Technical Committee invites authors to submit abstracts on specified technical topics for Technical Presentations at the conference. Abstracts will be evaluated based on relevance, uniqueness/originality, technical content, and clarity. Authors are requested to submit abstracts not exceeding 300-350 words as per the guidelines through email.
E-mail Id: technical@matcorr.org, registration@matcorr.org, bharat.corrosion@matcorr.org

Registration Fee

Indian Speaker	INR 14,000
Indian Delegate	INR 16,500
Foreign Participants	USD 300
Educational Institutes	INR 12,500
Indian Student	INR 6,000

Note: 18% GST will be applicable in case of INR Fees

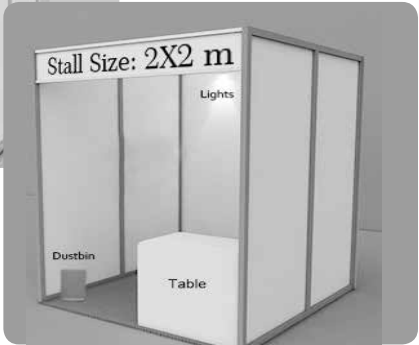

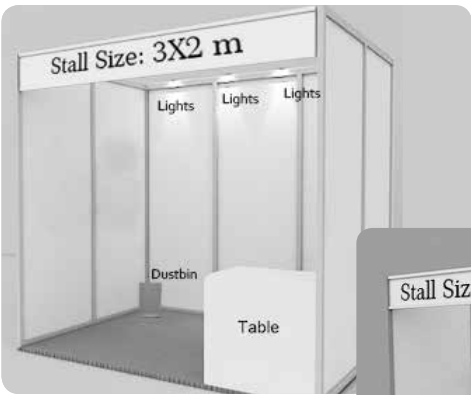

Corporate Discount:

10% for 3 or more and 15% for 6 or more participation from the same company

Exhibition

The organizers will provide a well-furnished modern exhibition facility at the venue which can be easily accessed by the participants. This exhibition will be open to all the delegates and invitees from industry, research and academic institutions during the conference. Choose this conference to showcase your products and services to the decision/ policy makers/ end users and create new business opportunities and partnerships. Contact us for more information. The exhibitors will be entitled for the below facilities:

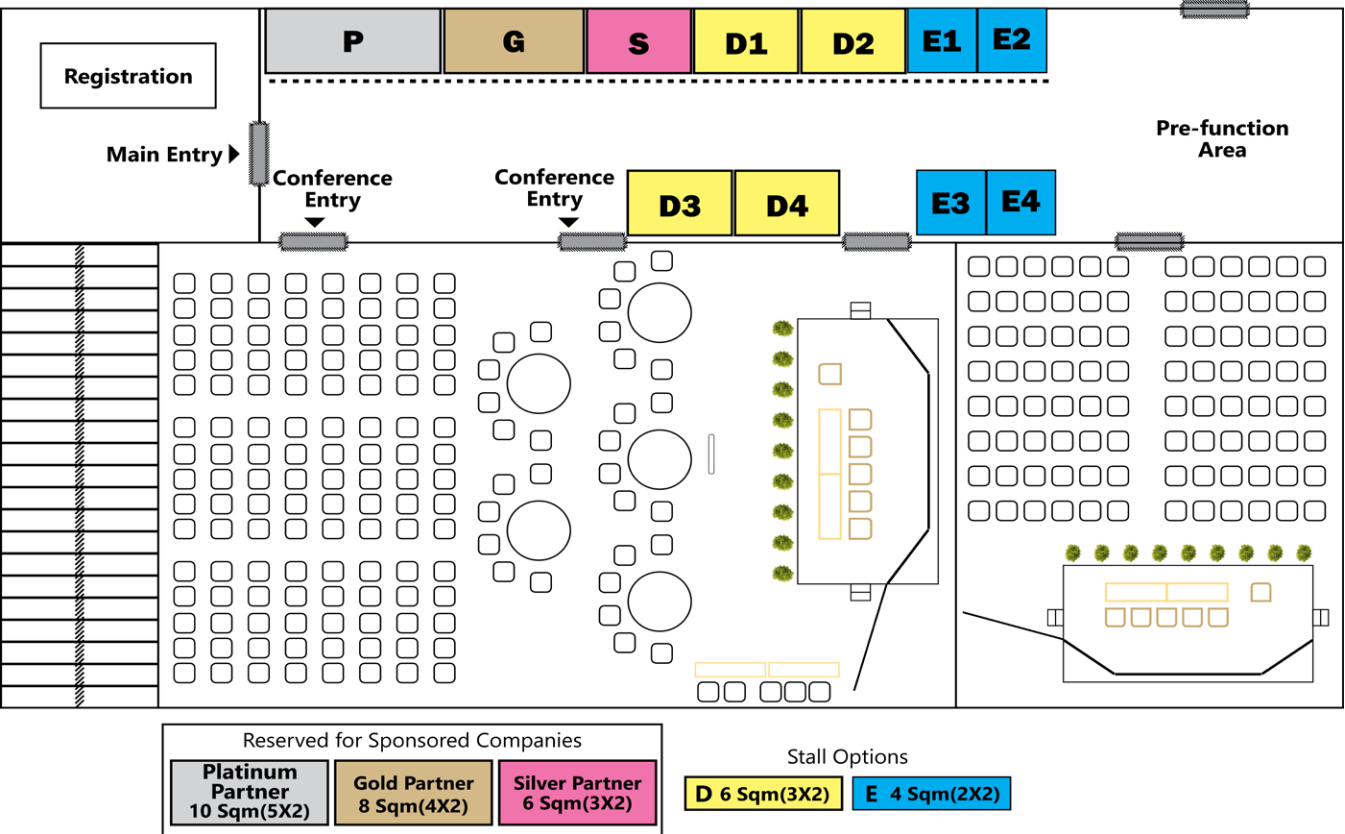

Stalls & Exhibition Charges

Stall Options	6 sq. m (3 x 2)	4 sq. m (2x2)	Table Top
Stall Charges	INR 1,00,000 (USD 1840)	INR 70,000 (USD 1300)	INR 38,000 (USD 700)

Details of Other Branding Opportunities

- Networking Dinner: INR 2,00,000 (USD 3760)
- Lunch: INR 1,20,000 (USD 2210)
- Delegate Kit: INR 1,00,000 (USD 1840)
- Session Partner: INR 80,000 (USD 1470)
- Conference Souvenir Partner: INR 80,000 (USD 1470)
- Tea/Coffee Partner: INR 60,000 (USD 1100)
- Lanyard for Badges: INR 50,000 (USD 920)
- Product Promotion during Tea Breaks: INR 20,000 (USD 370)
- Display of Standee: INR 20,000 (USD 370)

Who Should Attend?

- Corrosion Professionals** – Engineers, scientists, and technicians in corrosion control.
- Academicians & Researchers** – Experts in corrosion science and cathodic protection.
- Industry Experts** – Professionals from oil & gas, marine, infrastructure, and manufacturing.
- Public & Private Sector** – Government officials and private sector representatives in corrosion mitigation.
- Protective Coating & Cathodic Protection Specialists** – Experts in coatings, painting technologies, and cathodic protection systems.
- Field Practitioners & Inspectors** – Maintenance personnel and asset managers handling real-world corrosion issues.
- Corrosion Monitoring & Integrity Management Professionals** – Specialists ensuring asset safety, longevity, and corrosion prevention.
- Electrochemical & Materials Scientists** – Researchers in corrosion-resistant materials and electrochemical methods.

Conference Souvenir

Conference Souvenir will be published with details of participating companies, abstracts (presented during the conference), photographs, etc. The souvenir will feature advertisements from the industry and is of tremendous publicity & business value. The e-copy of the magazine is going to have a significant number of free circulation worldwide covering almost entire industry, service providers, contractors, suppliers as well as end-users.

Advertisement Charges

Organizer (AOCP)

The Association of Corrosion Professionals (AOCP) was founded in 2019 with the goal of bringing corrosion experts together on a single platform to help raise awareness about the effects of corrosion on asset safety and integrity. All corrosion experts are invited to join this association and help it achieve its goals. The AOCP will accomplish its goals by exchanging knowledge and educating people through training/workshops. The association would give all corrosion specialists the chance to get involved in this cause and raise knowledge about corrosion management techniques, including preventative and predictive measures, to reduce the cost of corrosion.

The AOCP welcomes you to participate in educating potential employees to enhance their skills for a safer society by giving speeches at conferences, workshops, and seminars.

We cordially ask you to work with us as we explore a variety of corrosion-related options, broaden our knowledge, and contribute to corrosion science.

Co-organizer (MatCorr, New Delhi)

MatCorr, established in 2013, endorses a series of comprehensive and structural Technical Conferences, Exhibitions, Technical Workshops and Training Programs. In last 8 years, Matcorr has conducted more than 32 technical conferences, 15 technical workshops etc in all over India. MatCorr deals with all major fields of Oil & Gas Sector, Pipeline, Refinery/ Petrochemical, Chemical & Process Industry, Oil Field Chemicals, Power & Energy, Metals, Steel, Infrastructure, Corrosion, NDT/ Inspection, Welding etc to develop the latest practical skills and knowledge, providing a perfect networking platform for experts and technocrats to share ideas to the needs of individuals and organizations. MatCorr provides a flexible and coherent framework that assures the quality of the academic rigor and management of the event.
